Gore shared the Nobel with the Intergovernmental Panel on Climate Change (led by Rajendra Pachauri).

“...for sounding the alarm over global warming and spreading awareness on how to counteract it.”

"It is time to make peace with the planet."

"We must quickly mobilize our civilization with the urgency and resolve that has previously been seen only when nations mobilized for war."

The former vice president urged China and the U.S. - the world's biggest carbon emitters - to "make the boldest moves, or stand accountable before history for their failure to act."
